RE: **Snow Emergency Update**

Cummings Properties' dedicated Snow Team has been hard at work since late yesterday, keeping parking lots accessible and all buildings open and available to clients who are exempted from the travel ban. Although it will take a few more days of snow clearing operations before the lots are completely clear of snow, rest assured that all clients will have access to their premises, as well as ample parking for employees and customers, as soon as the travel ban is lifted.

The Snow Team will be out in force for the next few nights and days. In addition to clearing parking lots and walkways, they will ship snow off site to make room for additional snow that may fall in the coming days and weeks.

To maximize their efforts to clear snow between 7 PM and 7 AM tonight through Thursday night, **any vehicle parked in a location other than a designated Snow Parking Area or covered portion of a garage WILL be towed at the owner's expense.** In the unfortunate event that a vehicle is towed, the owner should contact Murray's Towing at 781-272-8855 or (if located in Beverly) Big Jim's at 978-927-9809.

As it is more challenging to clear parking lots **during the day** when they are in use, we request that clients **park in garages** at the properties that have this convenient amenity: Cummings Center, 50 Dunham Road, TradeCenter 128, 196/200 Boston Avenue, and 92 Montvale Avenue. If the garages are full, or you are located at a property where covered parking is unavailable, please park in the spaces closest to the building and close to other vehicles first.

Please review the [Winter Parking and Towing Regulations](#) for more information, or contact your Woburn-based account manager at 781-935-8000 or your Beverly-based account manager at 978-922-9000 with any questions. If additional colleagues should receive notices of this type in the future, please reply with their addresses and we will add them to our distribution list.

Your cooperation is greatly appreciated.
