

TRASH COMPACTOR AT 500 WEST CUMMINGS PARK

Today, an excessive amount of non-compacted trash accumulated in the trash compactor and the adjacent loading dock. The trash compactor was in good working order. Please note this is a shared facility, therefore, it is each firm's responsibility to compact and dispose of its own trash.

Your cooperation is appreciated. As always, if there is an issue or concern, please contact your account manager Kara Murphy at 781 932 7087.
