

Cummings Center  
Notice to Clients

## Temporary Water Shutdown October 22, 2016 from 6:30 AM – 8:30 AM

The domestic water supply to 800 Cummings Center will be temporarily shut off for necessary maintenance on **Saturday, October 22, 2016 from 6:30 AM to 8:30 AM**. Accordingly, ***please do not attempt to run water in sinks or flush toilets during this time period***. You may access the common restrooms on the third floor at 800 Cummings Center during this time.

While the system recharges, you may experience a temporary change in water pressure and/or slight water discoloration. If you need assistance following the shutdown, please contact our maintenance department at 978-720-4028.

We appreciate your understanding and cooperation as we perform this essential building maintenance.

Please contact your account manager at 978-922-9000 with any questions.
