## Shoe Snippets

*Fun facts about the historic Cummings Center site, formerly known as "The Shoe"*

---

For more than 70 years, The Shoe dominated the economic life of Beverly and its surrounding communities. Many neighborhoods, including Shingleville and Gloucester Crossing, were developed to house the factory's workers, and the residents thrived because of the shoe-making industry's success.

## Simple Smiles

---

Simple Smiles is a community bulletin board of sorts to help everyone start the week off learning, imagining, and smiling. We are inviting all North Shore News readers to submit photos of something or some place that they find interesting, informative, or exciting. Please refrain from sharing photos that feature people.
