

Cummings Properties Notice to Clients

In preparation for the significant snow forecasted for tomorrow, Thursday February 9, Cummings Properties is responding appropriately to safeguard its buildings and campuses. With a dedicated Snow Team staff and a fleet of more than 60 snow-fighting vehicles, we are committed to satisfying one of our most serious obligations: ensuring clients and visitors have access to our properties at all times.

Parking: During the storm tomorrow, and any subsequent storms, clients and visitors are encouraged to take advantage of convenient on-site garage parking at our Cummings Center and Dunham Ridge campuses. On Thursday night, **between 7:00 PM and 7:00 AM, any vehicle parked in a location other than a designated Snow Parking Area or covered portion of a garage WILL be towed at the owner's expense.** Your cooperation is appreciated greatly, as it will allow our Snow Team to maximize its efforts. **Please review our [Winter Parking and Towing Regulations](#) for more information.**

Building Access: We expect all Cummings Properties buildings to remain open and available to clients, as usual, throughout the storm.

Precautions: In an effort to protect your business, as well as the building, please prepare your premises by:

- closing completely and locking all windows and doors
- bringing inside or securing properly any outdoor equipment, furniture, or signage
- taking measures to protect any electronics or perishables in case of a power outage

Thank you for your cooperation. Should you have any questions, please contact your account manager at 978-922-9000. Further updates will be issued, if necessary.
